

## AUTO BODY REPAIR TECHNOLOGY

### Faculty

D. Miller

Working with industry professionals, we offer training necessary to achieve a one-year certificate or a two-year Associate of Applied Science in Auto Body Repair Technology. As collision repair technology advances, we are committed to offer in-depth coverage of both conventional and innovative collision repair technologies and processes. We offer knowledge-based training, performance-based testing and emphasize hands-on exercises.

The major objectives of the auto body repair technology program at Casper College are:

1. To provide comprehensive training in auto body repair process and theory with emphasis on skills and standards necessary for obtaining employment upon graduation.
2. To structure courses which will provide a thorough background necessary for those students continuing their education in related fields.

Note: To graduate with a certificate or degree, students must earn a "C" or better in all major requirements.

### Associate of Applied Science Degree Auto Body Repair Technology

#### (Recommended Curriculum)

General Education (Minimum 17 credits) Credits

General education coursework can be completed from within or outside of the major field of study.

1. Exploration and Participation (One course minimum)
  - Laboratory science
  - Mathematics
2. Communication (One course minimum)
  - Written or spoken communication
  - CO/M 1505 Communication for Professional Success (highly recommended)
3. Relationship with the World (One course minimum)
  - Human behavior
  - U.S. and Wyoming constitutions..... 1-3
  - Cultural environment
4. General Education Electives
  - Must be chosen from areas 1, 2, or 3 above.
5. Physical Education .....1

#### Major Requirements

- Auto Body Repair Technology certificate program requirements ..... 33
- Auto body repair, automotive, machine tool or welding electives ..... 15

A minimum of 64 approved semester credits are required for graduation. For specific graduation requirements see "Academic Policies" and "Degree Requirements."

### Auto Body Repair Technology Certificate (Certificate Requirements)

Fall Semester			Credits
AUBR	1540	Auto Body Welding.....	3
AUBR	1550	Auto Body Repair I.....	4
AUBR	1810	Collision Damage Repair I.....	4
AUBR	1910	Auto Body Paint I.....	3
WELD	1820	GMAW and GTAW Welding.....	2.5

Spring Semester			Credits
AUBR	1560	Auto Body Repair II.....	4
AUBR	1710	Frame and Chassis I.....	2.5
AUBR	1820	Collision Damage Repair II.....	4
AUBR	1920	Auto Body Paint II.....	3
WELD	1910	Specialized Welding and Joining.....	3

For specific graduation requirements see "Academic Policies" and "Degree Requirements."
